Important Points To Consider

✓ The owner cannot mint tokens after Initial

✓ The owner cannot stop Trading.

✓ Verified contract source

✗ Token is sellable (not a honeypot) at this time

✗ Ownership renounced or source does not contain an owner contract

✗ Owner wallet contains less than 5% of circulating token supply (62.01%)

✗ Source does not contain a fee modifier (The source code contains a function which can modify the transaction fee.)

✓ Creator wallet contains less than 5% of circulating token supply (0%)
